Note.—The Official Records containing the Details of the Exports to Ireland during the Years previous to 1814, having for the most part been destroyed at the late Fire at the Custom House, the Inspector General is unable to make a Return to that part of the Order of the Honourable House of Commons, which requires the specification of the various Articles forming the aggregate Amount of the Official Value of the Exports from Great Britain to that Country. The Account showing the aggregate Value of the Exports, without the required distinction of the Articles, is therefore submitted, as the most complete Return that can now be made to the Order above recited.

The specification of the Official Value of the several branches of the Export Trade from Great Britain to Ireland, during each of the last three Years, and also of the declared Value of British Produce and Manufactures, as ascertained under the provisions of the Act 53 Geo. 3. cap. 98, is stated in the annexed Account, marked No. 1.
